Why High Rocks Academy for Girls?

WHAT IS NEW BEGINNINGS CAMP?

New Beginnings is a 13-day summer camp that is a “classroom without walls.” At camp you’ll take part in wilderness challenges, horseback riding, creative projects, academic classes, and a discussion group about issues you face in your daily life at home and at school. Girls at camp take classes together, eat meals together, share stories around

the campfire together, and end up making life-long friends and amazing memories in the process.

*Learn: **Horsemanship, Math, Science, Art, Creative Writing, and Leadership!***

High Rocks is an award-winning leadership program that has been creating opportunities for transformative education and service learning for almost 20 years. The High Rocks mission is to educate, empower, and inspire promising young people in West Virginia.
