**Tech Express** is a computer repair business that employs and trains local young people, giving them valuable technical skills and a pathway to technical careers.

**Tech Express** is catering to individuals and small businesses. We diagnose and repair malfunctioning computers, as well as offer other computer-related services like setting up a new computer or configuring a network.

**Tech Express** goals are to:
- Provide a valuable community service.
- Train young people with technical skills that give them an opportunity to earn money.
- Teach young people how to administer and run a business.
