

What do our High Rocks Girls say about camp?

- ◆ Camp is a safe and challenging environment that helps connect girls with people and friends in a new way.
 - ◆ Camp makes learning fun, and is a personal and self-reflective space.
- ◆ Camp connects girls with new people from across the state and country, and strengthens their relationships with caring college mentors and adults.
- ◆ Camp helps girls prepare for college, find a school and a course of study, and be ready for scholarships.

“High Rocks has always been a second home for me and a very safe place. I can't think of any other place I've been connected to so many people and learned so many things while feeling relaxed and happy. Also I have very good friends here and I feel respected.” High Rocks Girl

WHAT IS CAMP NEW BEGINNINGS?

New Beginnings is a 13-day summer camp that is a “classroom without walls” for 7th grade girls. At camp you’ll take part in wilderness challenges, horseback riding, creative projects, academic classes, and a discussion group about issues you face in your daily life in your communities. Girls at camp take classes, eat meals, share stories around the campfire, become strong leaders, and end up making life-long friends and amazing memories in the process.

WHAT IS CAMP STEELE?

Camp Steele is a 16 day camp for 8th-12th grade girls where each pick one “major” class to be in several hours of the day. These “tracks” are modeled after college freshman seminars and are project-based. They tend to go deeper than traditional high school classes. We also offer STEM experiences and writing classes for all girls each day. These are great chances for girls to find things they are really interested in pursuing in the future, while making real progress towards college and life beyond high school.
